
Unlocker 1.9.5 Portable.

Unlocker 1.9.5 Portable. Unlocker is a utility that allows you to unlock system files, folders and software resources that are in use. It will help you when files are either impossible to delete, because Windows displays a message that the file is in use by another process, or this action can lead to data loss. Unlocker gives you the opportunity to remove the ban on deleting files, folders or, for example, freeing up software resources to improve its functionality. Unlocker 1.9.5 Portable.
